IBMA Awards

International Bluegrass Music Awards

REFERENCE LIST OF ELIGIBLE RECORDED PRODUCT:

Bluegrass Recordings, Reported as Released between April 1, 2008 – March 31, 2009*

This list is solely for the informational needs of IBMA members when nominating recorded product for any of the related awards in the first round of balloting. Due to the limited nature of IBMA's informational resources, this list does not necessarily contain 100% of the bluegrass recordings first released during the eligibility period, so members are not restricted to the entries on this list when making their first ballot write-in nominations. Albums re-issued and/or special compilations of previously released material are not listed here, but may contain individual songs eligible for certain awards.

All recordings are listed in alphabetical order by artist or group name.

[Click here](#) for more info.

Update: May 4, 2009

If you have recordings that should be included in this list - please email artist name, album title, label, website and first commercial release date info to katy@ibma.org.

***Information provided in this reference list has not been confirmed as eligible. If a member believes an album or song under consideration may not fit within the award's eligibility requirements, they should contact IBMA.**

To qualify for awards consideration, albums and songs must have been released during the eligibility period. "Release" shall be defined as the date any portion of the general public, anywhere in the world, could first acquire (through sale or for free), listen to and hold ownership of their copy of the recorded album project or song under consideration in any format or through any method of distribution. Promotional copies sent to entertainment industry or media entities to foster awareness prior to public release shall not be considered in determining the date of release. At least 50% of the songs on an album must be new recordings first released during the eligibility period to be eligible.

IBMA reserves the sole and exclusive right to make eligibility determinations and may require additional information from candidates and/or their representatives in order to make such determinations.
